## **NAPIER SIGNATURE HOMES EXPANDS WITH CUSTOM RENOVATION FOCUS FOR RICHMONDERS**

**POWHATAN, Va. – May 7, 2009** – [Napier Signature Homes](#), an award-winning custom builder serving the Richmond area, this week announced an expanded service focusing on custom home renovations.

Through Napier Signature Renovations, the company now offers:

- Additions (in-law suites, master suites, theater rooms, family rooms)
- Attic build outs
- Basement build outs
- Kitchen remodels
- Bathroom remodels
- Outdoor kitchens
- Man caves
- Wine cellars
- Home offices
- Sunrooms
- Screen porches
- Pool houses
- Garages (both attached and freestanding)
- Carriage houses

While Napier Signature Homes will continue to build custom homes, the company will add the same special touches to already existing homes, ensuring Napier's special attention to detail and customer satisfaction.

"President Obama isn't the only American living with an in-law," said **Rich Napier, president of Napier Signature Homes**. "But the White House offers a little more square footage than most homes, so for others who don't have that kind of space, a renovation or expansion is a logical approach. With low financing rates through home equity lines available and lower costs for some materials and labor, now is a great time for a renovation project.

"We encourage our clients to play an integral role throughout the entire renovation process," Napier added. "Our clients' complete satisfaction during all phases of construction and at completion of a renovation project is at the heart of our business."
